PROFESSIONAL SUMMARY

Information Technology graduate with a Higher National Diploma (HNDIT) from SLIATE and current experience as an AI Engineer, with a strong background in full-stack development. Previously completed a Full Stack Software Engineer Internship at NAITA Head Office, gaining hands-on experience in Django (Python), RESTful API development, PostgreSQL, React, Tailwind CSS, and Flutter. Skilled in developing AI-powered solutions, data processing, and scalable applications. A fast learner with strong problem-solving and teamwork skills, passionate about building efficient, real-world software systems.

EXPERIENCE

Whiterock Global Solutions (Pvt) Ltd | AI Engineer **Present - 03/2025**

- Developed and deployed machine learning models using Python, including data preprocessing, feature engineering, and model optimization.
- Integrated AI functionalities into full-stack applications using Django, React, and modern frontend frameworks.
- Collaborated with cross-functional teams to design, develop, and deliver AI-powered solutions.

NAITA - Head Office | Full Stack Software Engineer Intern **03/2026 – 07/2025**

- Developed and maintained RESTful APIs with Django and Python, including authentication and role-based access control.
- Designed and managed PostgreSQL and SQLite databases with schema design and data validation.
- Integrated backend services with React + Tailwind CSS frontend, building reusable UI components.
- Delivered end-to-end full-stack modules, including API development, frontend integration, testing, and optimization.

EDUCATION

SLIATE GALLE, Higher National Diploma in Information Technology **2023 - Present**

2023 Reading for a Higher National Diploma in Information Technology, Sri Lanka Institute of Advanced Technological Education (SLIATE).

Matara Central Collage, Advanced Level **2020**

Completed with one (B) pass and two (S) passes in Physical Science stream.

Matara Central Collage, Ordinary Level **2016**

Completed with four (A) passes, two (B) passes and three (C) passes.

SKILLS

Mobile Development
React Native | Flutter

Backend and Database
Django | Firebase | MySQL | SQL Server | SQLite | PostgreSQL | Supabase

Version Control and Platforms
Git | GitHub | VS Code | Figma

Programming Languages
Python | Java | C# | JavaScript | Dart | SQL

Web Development
React | Next.js | Tailwind CSS | HTML5 | CSS

Game Development
Unity

Soft Skills
Teamwork | Communication | Problem-solving | Time Management

PROJECTS

IETI Website - Full-Stack

Developed full-stack web application with responsive frontend, backend APIs, and relational database integration. Implemented role-based authentication, dynamic content management, and optimized system performance Service

Service Desk System - Full-Stack

Developed backend with RESTful APIs and database integration, plus selected frontend components. Delivered end-to-end modules ensuring reliable performance, error handling, and smooth data flow.

AETI Website - Full-Stack

Developed a full-stack web application with a responsive frontend, backend APIs, and relational database integration. Implemented role-based authentication, dynamic content management features, and optimized overall system performance.

2D Car Racing Game

2D car racing game built with Unity and Inkscape, featuring car controls, Al, scoring, and UI for a fun experience.

DownSouth Lanka Travellers WebSite – Full-Stack

Developed a full-stack travel and tourism platform with a responsive frontend, RESTful APIs, and database integration. Implemented dynamic content management for destinations, tour packages, and travel services, enabling users to explore and plan trips efficiently. Improved performance, usability, and overall user experience.
